

## Stars Pre-Approved National Conferences for Early Care and Education

Below is a list of out-of-state trainings that STARS will automatically accept without pre-approval. This means you may attend any of the listed trainings and present your certificate of completion along with a STARS conference evaluation form and an official conference brochure to gain STARS training credit for your participation in the conference.

This process applies only to the conferences listed below. All other conferences must comply with the pre-approval process to receive credit for licensing purposes.

*Please note that this list may be updated periodically. Check [www.wyostars.org](http://www.wyostars.org) for the latest list.*

<b>Reference Number</b>	<b>Name of Organization</b>	<b>Automatically Accepted Conferences, Seminars and Trainings</b>
Ref #-5541	American Montessori Society (AMS) (Integrated with NCME – National Center for Montessori Education)	<ul style="list-style-type: none"> <li>• Annual Conference</li> <li>• Fall Conference</li> </ul>

To Be Determined	Zero to Three: National Center for Infants, Toddlers and Families	<ul style="list-style-type: none"> <li>• Annual Conference</li> </ul>

	<b>University or Community Colleges Courses</b>	<b>Credit-bearing courses</b>
Submit a college transcript after completion of the course.	<p>A recognized accreditation body must accredit the university or college.</p> <p><i>The care provider taking college courses should make sure the institution is accredited. This is especially important in on-line courses since quality may be an issue in some instances.</i></p>	<p>Courses must be taken for credit, be related to early care and education and result in a grade of C or better. Such courses will count toward your required annual training hours. Each semester credit completed equals 15 hours of training and must be documented with a transcript or an official grade report. Check with STARS for the requirements of grade reports or unofficial transcripts to assure credit can be awarded.</p>

Note: Training taken for teacher re-certification, foster care licensing, recertification/licensure for medical/health staff or other recertification or licensures must be submitted to the STARS system for pre-approval to gain STARS credit. In some cases, not all of the training taken to meet other licensure requirements is applicable to early care and education and may not count for STARS credits. STARS reviews these applications on a case-by-case basis to determine what content applies to early care and education.
